This revision: shows the assignment of the 311th Human Systems Wing (HSW), previously the Human Systems Center (HSC), Brooks AFB, Texas, to ASC; updates the mission statement; makes other minor word changes for clarification; deletes Attachment 1 organization charts, and refers to the HQ AFMC/XPMO website for the current ASC organizational structures.

1. Mission. The ASC team develops, acquires, modernizes, and sustains the world's best aerospace systems, and supports customers with superior products and services.

2. Command . ASC, Wright-Patterson AFB, Ohio, is a primary subordinate unit of the Air Force Materiel Command (AFMC). The ASC commander is designated the installation commander of Wright-Patterson AFB. The 311 HSW at Brooks AFB, Texas, reports to ASC/CC. The 311 HSW commander is designated the installation commander of Brooks AFB.

3. Organization Structure . The organization structures of ASC and its subordinate units are established according to the Air Force Blueprint, AFI 38-101, *Air Force Organization*, and HQ AFMC/HQ USAF-approved variances to the structures. The approved Blueprint organization structure for ASC is at <https://www.afmc-mil.wpafb.af.mil/organizations/HQ-AFMC/XP/XPM/xpmo/index.htm>.

4. Approved Variances:

4.1. The CSAF-approved Air Force Objective Blueprint authorizes Public Affairs, History, Safety and Manpower and Organization to be on the staff of the ASC Commander and authorizes wing

comptroller and contracting functions to be aligned as functional organizations under the center commander.

4.2. The Air Force Objective Blueprint authorizes the Staff Judge Advocate and Environmental Management to be on the staff of the 88th Air Base Wing Commander.

5. Organization Changes . Requests that require HQ AFMC/XP/XPM approval must be submitted through the ASC/MO and approved by the ASC command section. Changes at the 311 HSW will be submitted through the 311 HSW/MO and forwarded to ASC for information and/or approval as determined by delegation from the center commander.
